OBJECTIVE

Motivated and adaptable B.E. Computer Science and Engineering (Cyber Security specialization) student, seeking an opportunity in cyber security, web development, AI, or core computer science domains. Eager to apply technical knowledge, enhance problem-solving skills, and leverage AI-driven approaches to contribute effectively to organizational growth while continuously learning and developing professionally.

EDUCATION

B.E in Computer Science(Cyber Security)
Prince Dr. K. Vasudevan College of Engineering and
Technology,Chennai,Tamilnadu-600127

📅 Expected Graduation: 2027

CGPA: 7.9

EXPERIENCE

AI Intern at iProAT Solutions
[9 June 2025] – [9 August 2025]

- Worked under the AI department on the Probot attendance logic project.
- Developed backend logic for retrieving employee attendance details using Python and PHP.
- Implemented FuzzyWuzzy logic to enhance Probot's accuracy.
- Learned Laravel framework and created a blog application for the college (still under development).
- Tested Royal Moto software as part of quality evaluation.
- Built a strong foundation in PHP and Laravel development.

PROJECTS

Railways Obstacle Detection
LEAP Course, IIT Madras

- Designed an obstacle detection system to reduce railway crossing accidents.
- Implemented ultrasonic sensors to detect objects on tracks.
- Integrated Bluetooth alerts to notify officials.

Baker's AI – Measurement Conversion Chatbot
Google developer's Hackathon

- Developed an AI chatbot to convert cup measurements into grams.
- Built using HTML, CSS, and JavaScript.
- Implemented accurate conversion logic for baking.

College Blog Application Internship Project

- Developed a blog application using Laravel framework.
- Implemented features for creating and managing posts.
- Gained experience in backend, database, and MVC architecture.
- Project is still under development.

CERTIFICATIONS

- Job Readiness Skills for Girls Program conducted by Team Everest (NGO)

STRENGTHS

Communication

Hard Working

Teamwork

Leadership Qualities

Python – Beginner

PHP & Laravel – Intermediate

ACTIVITIES
